

COCONUT RICE

Serving 6

INGREDIENTS:

2 cups basmati rice
1 can coconut cream
1 ½ tbsp sugar
2 cups water
salt

PREPARATIONS:

1. *Rinse rice until it runs clear water.*
2. *Place in pot. Add coconut cream, sugar and salt. Stir to combine. Add in water. Rinsing the rice adds extra water. If you skip rinsing the water, add a bit of extra water at this point.*
3. *Bring to a boil. Cover and simmer for 30-40 minutes until rice is cooked. Fluff with fork. Cover and let sit for 20 minutes before serving.*
